

RUSSIAN PETROCHEMICAL FORUM

Gas. Oil. Technologies 34th International Exhibition / May 26-29 / UFA 2026

BUSINESS PROGRAM TIMING

MAY 26, TUESDAY

VENUE	9.00-9.30	9.30-10.00	10.00-10.30	10.30-11.00	11.00-11.30	11.30-12.00	12.00-12.30	12.30-13.00	13.00-13.30	13.30-14.00	14.00-14.30	14.30-15.00	15.00-15.30	15.30-16.00	16.00-16.30	16.30-17.00	17.00-17.30	17.30-18.00	18.00-18.30
MAIN STAGE	Speaker registration	OPENING CEREMONY OF THE RUSSIAN PETROCHEMICAL FORUM AND EXHIBITION. TOUR OF THE EXHIBITION					Welding and Control in Russia: Regulatory Framework, Science, Personnel, and Production Section						Oil and Gas Refining and Petrochemicals: Development Prospects up to 2030 Section						
CONGRESS HALL		THE FUTURE OF THE PETROCHEMICAL INDUSTRY IN THE STRUCTURAL TRANSFORMATION OF THE RUSSIAN ECONOMY PLENARY SESSION							14.30-16.30 Import Substitution in Automation and IT. Digitalization of Production in the Petrochemical Complex Section			16.30-18.30 Robotics in the Oil and Gas Industry: Prospects and Practical Solutions Section							
CONFERENCE HALL 1		Human Capital: Strategies for Engagement, Improving Productivity, and Retention Section				Equipment, Technologies, and Solutions for Increasing Labor Productivity Section					14.00-15.45 Use of Light Aircraft and UAS in the Operations of Oil and Gas Chemical Companies Section			Synergy of Industrial Clusters and Industrial Infrastructure Section					
CONFERENCE HALL 2		Software Solutions for Industrial Design and Engineering Section							14.00-15.45 Industrial AI and Digital Ecosystems for Fuel and Energy Companies: from the Drilling Rig to the Cloud Section			The Gas Motor Fuel Market and Prospects for Further Development Section							
WORK OF THE GAS. OIL. TECHNOLOGIES INTERNATIONAL EXHIBITION																			
FORUM EVENTS AT THIRD-PARTY VENUES:																			
Interuniversity Campus of the Eurasian Scientific and Educational Center, Vernadsky Hall, 32/2 Zaki Validi Street	How AI will change the Competencies of the Specialist of the Future Dialogue Platform							Gas Reservoir Engineering: from Experimental to Digitalization Section											

ОРГАНИЗАТОРЫ

МИНИСТЕРСТВО ПРОМЫШЛЕННОСТИ, ЭНЕРГЕТИКИ И ИННОВАЦИЙ РЕСПУБЛИКИ БАШКОРТОСТАН

ТРАДИЦИОННАЯ ПОДДЕРЖКА

MAY 27, WEDNESDAY

VENUE	9.00-9.30	9.30-10.00	10.00-10.30	10.30-11.00	11.00-11.30	11.30-12.00	12.00-12.30	12.30-13.00	13.00-13.30	13.30-14.00	14.00-14.30	14.30-15.00	15.00-15.30	15.30-16.00	16.00-16.30	16.30-17.00	17.00-17.30	17.30-18.00		
CONGRESS HALL		Chemical Engineering Processes and Equipment International Olympiad				Russia's Catalyst Industry: Human Resource Potential and Growth Opportunities Roundtable Discussion				Sustainable Development Business Models: From Innovative Technologies to the Digital Landscape International Panel			Information Technology in the Fuel and Energy Sector: Problems and Solutions – IT'DAYS International Conference							
CONFERENCE HALL 1		Intelligent Gas Metering Systems Section				Industrial Technological Trends: New Materials, Chemistry, and Ecology Panel Discussion					Mechanisms for meeting Gazprom PJSC's needs for material and technical resources. Informing enterprises about product certification procedures in the INTERGAZCERT SDS for deliveries to Gazprom PJSC facilities. Seminar				SUPPLIER DAY Gazprom Transgaz Ufa* <i>*Closed event. Access by list</i>					
CONFERENCE HALL 2		Modern Technologies and Advanced Engineering Solutions in Pipeline Transport Section									Current Issues in Corrosion Protection of Oil and Gas Equipment and Pipelines Discussion Panel				Developing Corporate Sports in Fuel and Energy Companies Section					
MAIN STAGE			New Industrial Power Generation for the Oil, Gas, and Chemical Industries Section				Natural Gas: New Formats, Markets, and Realities in the Global and Russian Economies Section					Quality and Safety as the Foundation of Valve Solutions for the Oil and Gas Industry Section				Innovation and Strategic Development in Oilfield Services and Engineering for the Construction of Oil and Gas Wells Section				
WORK OF THE GAS. OIL. TECHNOLOGIES INTERNATIONAL EXHIBITION																				
FORUM EVENTS AT THIRD-PARTY VENUES:																				
VENUE	9.00-9.30	9.30-10.00	10.00-10.30	10.30-11.00	11.00-11.30	11.30-12.00	12.00-12.30	12.30-13.00	13.00-13.30	13.30-14.00	14.00-14.30	14.30-15.00	15.00-15.30	15.30-16.00	16.00-16.30	16.30-17.00	17.00-17.30	17.30-18.00		
Sheraton Plaza Ufa, 7 Tsyurupy Street	'New Equipment and Technologies for Hard-to-Recover Hydrocarbon Reserves' V.V. Laptev Conference																			

MAY 28, THURSDAY

VENUE	9.00-9.30	9.30-10.00	10.00-10.30	10.30-11.00	11.00-11.30	11.30-12.00	12.00-12.30	12.30-13.00	13.00-13.30	13.30-14.00	14.00-14.30	14.30-15.00	15.00-15.30	15.30-16.00	16.00-16.30	16.30-17.00	17.00-17.30	17.30-18.00				
CONGRESS HALL		Sunyaev Readings Conference on Carbon Materials					Gas Dictation				How to Become a Tech Leader without an MBA or a SMS? Masterclass Hosted by: УГНТ			Promising Small-Tongue Technologies and Products Section»								
CONFERENCE HALL 1			Industrial Cooperation between Russia and the Udmurt Republic: Opportunities and Prospects BUSINESS MEETINGS <i>*Pre-registration is required to participate.</i>				Current issues in Metrological Support for Oil and Gas Production Section				Establishing a Closed-loop Recycling System for Car Tires in the Republic of Bashkortostan Section				Current Issues in the Development, Validation, and Verification of Climate Projects in the Fuel and Energy Sector Section							
CONFERENCE HALL 2		Integrated Approaches of Higher Education and Business in the Training of Professional Personnel Section				Current Digital Solutions for Building Telecommunications Networks and Data Transmission Systems Section				Financial Instruments for the Development and Support of Suppliers and Contractors in the Oil and Gas Sector Section					Safety as a Skill: Integrating First Aid into Occupational Safety Section							
MAIN STAGE		Industrial Safety: Auditing Industrial Safety Management Systems Section					A Statistical and Substantive Analysis of Global Development Trends in Economically Significant Innovative Sectors of the Petrochemical Industry Roundtable Discussion		Technological Sovereignty: Developing New Science-Intensive Technologies for Industry Section			Development of Small- and Medium-Tonnage Chemicals in Russia in Current Conditions Section			Prospects, Approaches, and Challenges of Targeted Training of Specialists for the Russian Fuel and Energy Complex Section							
FLOOR 2	Championship in Lean Manufacturing among Chemical Industry Enterprises																					
												BUSINESS MEETINGS OF EXHIBITION PARTICIPANTS WITH ENTERPRISES OF THE REPUBLIC OF BASHKORTOSTAN										
BUS FROM UFA EXPO							TECHNOLOGY TOUR AT ERSO HOLDING <i>*For business meeting participants Sign-ups at the registration desk. Seats are limited</i>															
WORK OF THE GAS. OIL. TECHNOLOGIES INTERNATIONAL EXHIBITION																						
FORUM EVENTS AT THIRD-PARTY VENUES:																						
VENUE	9.00-9.30	9.30-10.00	10.00-10.30	10.30-11.00	11.00-11.30	11.30-12.00	12.00-12.30	12.30-13.00	13.00-13.30	13.30-14.00	14.00-14.30	14.30-15.00	15.00-15.30	15.30-16.00	16.00-16.30	16.30-17.00	17.00-17.30	17.30-18.00				
Ufa State Petroleum Technical University			Development of Biochemistry and Biotechnology. Regional Experience Section																			
Ufa State Petroleum Technical University							TechnoEcoChemProcess-4.0 International Conference															
Gazprom Transgaz Ufa					Import Substitution in the Gas Industry * Technology Session <i>*Closed event format, access by list</i>																	
Interuniversity Campus of the Eurasian Scientific and Educational Center, Vernadsky Hall, 32/2 Zaki Validi Street							Forensic Expertise and Environmental Risk Mitigation in the Fuel and Energy Sector: Law Enforcement Practice and New Solutions Section						Practical Aspects of Compliance with Atmospheric Air Protection Requirements at Oil and Gas Chemical Complex Facilities Section									

MAY 29, FRIDAY

VENUE	9.00-9.30	9.30-10.00	10.00-10.30	10.30-11.00	11.00-11.30	11.30-12.00	12.00-12.30	12.30-13.00	13.00-13.30	13.30-14.00	14.00-14.30	14.30-15.00	15.00-15.30	15.30-16.00	16.00-16.30	16.30-17.00	17.00-17.30	17.30-18.00
CONFERENCE HALL 1		An Intelligent Approach to Oil Recovery in Russia's Depleted Fields Section				Decarbonization Technologies Section					Reverse Engineering and Its Patent Information Support Roundtable Discussion							
CONFERENCE HALL 2		Healthy Environment All-Russian Scientific and Practical Conference with International Participation Hosted by: Уфимский НИИ медицины труда и экологии человека, Управление Роспотребнадзора РФ, Управление Роспотребнадзора по РБ				Digital Materials Science and Advanced Materials for Industry Section Hosted by: Институт проблем сверхпластичности металлов РАН												
WORK OF THE GAS. OIL. TECHNOLOGIES INTERNATIONAL EXHIBITION																		

The program may be subject to adjustments regarding the name and timing of events!

Location: EXPO Exhibition Complex, 158 Mendeleev Street, Ufa City.

Organizing Committee: (347) 216-45-36, 246-42-81, kongress@bvkexpo.ru
